GOLF CARTS RULES

- Privately owned carts that are used to commute around the Estate are encouraged, provided they remain on the roads and are in the control of a licenced driver at all times with no more occupants than designed for. Normal traffic regulations and considerations are applied. The minimum required driver licence is an "A" (50cc motor bike licence)
- All carts must be registered with the HOA, and a registration number (your stand number) must be displayed on the golf cart.
- Whilst lights on golf carts are not mandatory, the driving of a golf cart at night without lights is clearly dangerous and unacceptable.

I have read and understand and agree to abide by all golf cart usage rules at Leloko Estate

Please complete form and forward to Karien Viviers at Leloko HOA office. admin@lelokohoa.co.za

Your co-operation will be appreciated.
